DETAILED ACTION

Allowable Subject Matter

Claims 27-35 are allowed.

The following is an examiner's statement of reasons for allowance:

The reference (s) of record do not teach or suggest, either singularly or in combination at least the limitation of " a first pair of source regions formed in the body of semiconductor material and on opposing sides of the first drift region; a second pair of source regions formed in the body of semiconductor material and on opposing sides of the second drift region, wherein the first and second pairs of source regions comprise elongated stripe shapes, and wherein the first and second pairs of source regions are substantially parallel to the first and second drain contacts; a gate structure formed adjacent the first second pairs of source regions and the first and second drift regions; a first conductive layer formed overlying the body of semiconductor material and connecting the first and second pairs of source regions together; a second conductive layer different than the first conductive layer formed overlying the body of semiconductor material formed overlying the body of semiconductor material and connecting the first and second drain contact regions together; and an insulating layer vertically separating the first and second conductive layers" for claim 27.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
